The student shall remain in the school at time of placement unless the answers to the following questions suggest a change of placement is in the child’s best interest.

1. What is the child’s permanency goal and plan?

2. What is the expected date for achieving the permanency goal?

3. How many schools has the child attended? How many schools has the child attended this year? How have the school transfers affected the child emotionally, socially, academically, and physically?

4. What are the safety considerations related to school placement?

5. Which school does the student prefer? Why? How was this information obtained?

6. How does the child feel about any upcoming moves?
7. Which school do the birth parents or prior custodians as appropriate, and the child’s current placement provider prefer? Why?

8. What school(s) do the child’s siblings attend?

9. How is the child performing academically?

10. Does the child have a current IEP or a 504 Plan?

11. Does the child participate in other specialized instruction? (e.g., gifted program, career and technical program)

12. What are the child’s academic/career goals? Does one school have programs and activities that address the unique needs or interests of the student that the other school does not have?
13. Describe the child’s ties to his or her current school, including significant relationships and involvement in extracurricular activities?

14. Would changing schools affect the student’s ability to earn full academic credit, participate in sports or other extra-curricular activities, proceed to the next grade, or graduate on time? If so, how?

15. Would the timing of the school transfer coincide with a logical juncture, such as after testing, after an event that is significant to the child or at the end of the school year?

16. How would the length of the commute to school impact the child?
