

RECYCLING PROGRAM OPTIONS

Looking for pathways to sustainability for your school?

Recycling programs are a great opportunity for schools to educate students and staff on waste management and earn rewards and recognition. Participation in a recycling program fulfills requirements towards earning Energy and Sustainability Challenge rebates!

Motivate students to recycle at school with Keep America Beautiful's Recycle Bowl!

Students spend 4 weeks measuring, tracking, and reporting the weight of collected recyclables. Registration ends mid-October.

Don't throw away dried up markers!

The ColorCycle program repurposes used markers. Collect, count, and send them back to Crayola, who pays the shipping fee.

Recycle plastic bottles & aluminum cans with the Pepsi's Recycle Rally.

Participating schools earn points and win prizes like cash, gift cards, supplies, and recycling bins. Set up an account online, and then submit weekly or monthly recycling totals and track your school's progress.

Additional Recyclable Materials

See our website for a list of additional programs in place for hard-to-recycle materials like glass, plastic grocery bags, and textiles.
